

PC Services is working with Roxan on Residential Project in Southampton

Parsons Construction Services (PC Services) is working with Roxan for the first time on a prestigious residential project in Southampton, Hampshire. The contract is worth in excess of £400,000.

The development in central Southampton is of 60 high specification one and two bedroom apartments which are intended for private sale, social housing and for the Housing Association.

The PC Services specialist team has been subcontracted to install comprehensive interior and exterior packages to the residential build. The internal package includes a full drylining system consisting of Thermal boards and MF Ceilings; they have also installed the internal partitions within the buildings. For the exterior package PC Services has applied a through coloured render system to the walls.

Roxan is prominent in the New Build sector in the Hampshire region and PC Services is pleased to have been sub-contracted giving them the opportunity to work together. The apartments are due for completion at the end of May 2005.

About PC Services:

Parsons Construction Services specialises in interior and exterior solutions tailor made to suit projects by specification, timescale and budget. Since 1985 they have provided a comprehensive range of drylining, plastering, flooring and rendering packages for the construction industry.

PC Services is a proactive company based in the South; they are licensed applicators of leading manufacturer's products in the industry. PC Services has also retained the ISO 9001:2000 certification since 2003 demonstrating a quality management system and their continued investment in the company.

PC Services is pleased to announce they are celebrating their 20th anniversary this year. Since their incorporation they have built up strong partners in the industry and are looking forward to continued success and to building more relationships in construction services.
